Work Experience

Haywood Consultancy draws on the expertise of a range of experienced consultants, with a particular focus on mental health, to deliver practical and sustainable solutions to a range of issues including policy development, service user involvement, interim management, supervision and coaching

The group is lead by Lisa Haywood who offers a rare combination of experience and expertise. Not only has she spent many years as a senior manager and organisational consultant, but she is an acknowledged authority in the field of user involvement across the health and social care spectrum.

Details of her experience can be found on her website www.haywoodconsultancy.co.uk or just google Lisa Haywood
