Specialisms

Interim management: with a focus on implementing good practice and governance, change management and restructuring, developing new business models and leading organisations towards sustainability

Governance: Supporting management committees to establish charitable organisations and developing the capacity of organisations to achieve their full potential through engagement

Experience of the voluntary sector and community sector: extensive experience of working with the voluntary and community sector, in particular disadvantaged and BME groups

Knowledge of capacity and community development issues: a track record of initiating interventions that engage and empower the voluntary and community sector and their beneficiaries, including working with, reporting to, and enabling trustees to carry out their responsibilities

Partnership working: extensive experience in establishing, servicing and working in partnerships at a local, national and European level

Communication skills: excellent communication skills, both written and verbal, with the ability to communicate clearly and with clarity to a wide range of audiences

People management and leadership skills: a proven ability to lead, motivate and develop a staff team with enthusiasm and consistency, plus a working knowledge of UK employment law and human resource policies

Fundraising skills: a proven track record of identifying sources of income and raising funds from a wide range of funding sources including local, national and European sources

Financial management skills: a proven ability to ensure appropriate oversight of accounts, financial planning and procedures, and maintain healthy cash flow and adequate reserves

Project management: extensive experience of working at all levels of programme and project management, from initial conception through to final evaluation and developing exit strategies, meeting the needs of clients and funders

Work undertaken outside the voluntary sector

Work has been conducted with social enterprises, small businesses (in particular private sector training providers) and local authorities in London.

Geographical area covered

Primarily based and working in London, but prepared to work in all other areas of the UK.

Work experience

Experienced fundraising and charity consultant working with the charity, non-profit and voluntary sector for over 26 years, focused on ensuring the future sustainability of organisations.
