

Rashid Teladia

Specialism

My interests are encompassed within the realm of consultancy pertaining to organisational review, business and strategic planning, project-management and evaluations. I place emphasis on the criticality of working with trustees on strengthening the roles of governance, developing policies and procedures.

My interest also include human resources consultancy in the context of support with recruitment and selection of staff and the means of providing ongoing mentoring support.

Work undertaken outside the voluntary sector

- Business advice and management support to social enterprises
- Working with Housing Associations
- Working with local authorities

Geographical area covered

- London Region
- M25 coverage area

Work experience

Since 2002, I am working as an independent management consultant offering services to community and voluntary groups, social enterprises and early-years settings. I also offer my services to local authorities.

I have 15 years of practical work experience as a chief executive in a mid size voluntary organisation and served as a non-executive director with several groups including an Acute NHS Trust and Midsize Housing Association, DTI Business Forum, all has provided me with a wealth of knowledge and experience in performance improvement, organisational development and training.

Qualification

Post graduate Diploma in Management Studies (DMS)

6 Chingford Road –Walthamstow – London -E17 4PJ
